

WORDSTEMS FOR MICROBIOLOGY 281, Second Half of the Quarter

Cumulative from 1983-2010

David B. Fankhauser, Professor of Biology and Chemistry

These are grouped according to lecture. Be certain to add new words as given in class, and compile them at the back of your notebook.

ANTISEPTICS

GROWTH CONTROL

Ag _____
 -cide _____
 cuvette _____
 dessicate _____
 EMB _____
 hal- _____
 Hg _____
 HTST _____
 lact- _____
 lys- _____
 -ol _____
 thio- _____

BACTERIAL

GENETICS

cis- _____
 dogma _____
 ex- _____
 gen _____
 lig- _____
 muta- _____
 -script _____
 -trophic _____
 ultra- _____

BACTERIAL

DISEASES

-algia _____
 angio _____
 arthro- _____
aureus _____
 axillary _____

botul- _____
 campylo- _____
 caries _____
 chlamyd- _____
 chron- _____
clappoir _____
coli _____
 coryne- _____
 crepit- _____
 -drome _____
 dys- _____
 edema _____
 -emia _____
 enter- _____
 erythro- _____
 eu- _____
 fasc- _____
 foll- _____
 GI _____
 GU _____
Hemophilus _____
 inguinal _____
 inter- _____
 intra- _____
 -itis _____
 lepto- _____
 media _____
 meninx _____
 -monas _____
 my- _____
 necro- _____
 -nema _____
 nephri- _____
 NGU _____

-nomy _____
 ornitho- _____
 oto- _____
 pharynx _____
 -phtheria _____
 pneumo- _____
 PPNG _____
 pruritis _____
 pseudo- _____
 psittaci _____
 ptom- _____
 purul- _____
 pyo- _____
 pyro- _____
 rheum- _____
 rhizo- _____
 salping- _____
 sequel- _____
 sol- _____
 STD _____
 trachoma _____
 tubercle _____
 -tussis _____
 typhi- _____
 venereal _____
 Vibrio _____
vulgaris _____
 zoo- _____

VIRUSES

agglutin _____
 AIDS _____
 arborvirus _____
 cephalo- _____

corona _____
 ECHO _____
 flu _____
 -gnomic _____
 herpes _____
 HIV _____
 mnem- _____
 mumps _____
 myxo- _____
 ortho- _____
 para- _____
 pico- _____
 re- _____
 retro- _____
 rhabdo- _____
 rhino- _____
 Rubella _____
 toga _____
 TORCH _____
 -on _____
 virus _____

FUNGI

actin- _____
 asco- _____
 basidio- _____
 capitis _____
 conidia _____
 cruris _____
 dermato- _____
 fil- _____
 gam- _____
 gono- _____
 hemo- _____

hypha _____
 myc- _____
 nigri- _____
 pedis _____
 -phytic _____
 pus _____
 sapro- _____
 -tangia _____
 tinea _____
 zygo- _____

PARASITES

adeno- _____
 dina- _____
 mastigo- _____
 -phore _____
 pleio- _____
 sarco- _____
 schiz- _____
 -tomes _____
 trich- _____

PATHOGENICITY

coll- _____
 CPE _____
 homeo- _____
 LD₅₀ _____
 megaly _____
 parenteral _____
 per- _____
 stella _____

EPIDEMIOLOGY

con- _____
 -drome _____
 kerat- _____
 MMWR _____
 morbidity _____
 mort- _____
 placebo _____
 portal _____
 spect- _____
 sym-, syn- _____

IMMUNITY

-tag- _____
 attenuate _____
 glob- _____
 glut- _____
 hapt- _____
 HCG _____
 -kine _____
 lymph _____
 -phylaxis _____
 serum _____

ANTIBIOTICS

allo- _____
 analog _____
 blast- _____
 cyst- _____
 hepat- _____
 poie- _____
 terato- _____
